

BYLERS LINE OF FINISHES

2026 CATALOG

ABOUT OUR SELECTIONS

All selections, styles, and finishes shown in this catalog are subject to availability and may change without notice, as we continually update our offerings to reflect current trends and trusted products.

When you choose a turnkey home, you'll work closely with our Design & Selections Coordinator, who will guide you through every step—helping you make confident decisions that align with your vision, lifestyle, and budget.

The pricing for our turnkey homes is based on the curated selections featured in this catalog, chosen for their quality, durability, and timeless appeal. If you're looking for something unique, we also build fully custom homes with personalized selections beyond those shown here, giving you the flexibility to incorporate specific products, finishes, or features into your design.

Every option we present is carefully vetted for performance and style, and we partner with trusted suppliers and skilled craftsmen to ensure your home meets our highest standards. We understand that building a home is one of the biggest investments you'll make, which is why our transparent selection process, clear timelines, and open communication keep you informed every step of the way.

Your new home will also be backed by our warranty for added peace of mind, and our team remains available to answer questions or assist with your selections long after move-in day.

CUSTOM TILE

Our custom tile showers are built to your vision. From the tile size and layout to the grout color and overall finish, every detail is selected by you and installed to fit your space, not the other way around. Whether you prefer something clean and simple or more detailed and bold, we source and install tile that aligns with your style while ensuring proper waterproofing and long term durability.
